The licenses granted in this Section 2 are subject to the terms and conditions set forth in this EULA:

Subject to Section 2, you may install and use the Software on a single computer; or install and store the Software on a storage device, such as a network server, used only to install the Software on your other computers over an internal network, provided you have a license for each separate computer on which the Software is installed and run. Except as otherwise provided in Section 2(b), a license for the Software may not be shared, installed or used concurrently on different computers.

Portable or Home Computer Use for Software Requiring Mandatory Product Activation. For Software requiring Mandatory Production Activation, in addition to the single copy of the Software permitted in Section 2, the primary user of the computer on which the Software is installed may make a second copy of the Software and install it on either a portable computer or a computer located at his or her home for his or her exclusive use, provided that:

In the event that such audit reveals any use of the Software by you other than in full compliance with the terms of this Agreement, you shall reimburse Cytomic for all reasonable expenses related to such audit in addition to any other liabilities you may incur as a result of such non-compliance.

Content provided on the disk may be used within your own production and used for any commercial (or other) venture. However, you may not make copies of the content solely.
